Upcoming WUNA Survey to Identify Neighborhood Values

WUNA is in the early planning stages of updating our neighborhood plan. The process of revising and updating our plan is an exciting one that will help us prepare for future development along our main corridors.

One important step in the neighborhood planning process is to hear from residents about what they value in the neighborhood. In order to get your input, WUNA will conduct a survey during the first two weeks of April. The survey will ask you to rank a variety of aspects about our neighborhood based on how important they are to you, including walkability, historic character, parks, shops and restaurants, and many other aspects. Once we better understand residents' values from the survey results, WUNA can identify strategies to preserve and enhance those aspects of our neighborhood through our neighborhood plan.

You will have the opportunity to fill out the survey on our website, www.wunaonline.org, by mail or in person with your WUNA area representative. Please visit WUNA's website for more information and look for more details on our neighborhood planning process in the April WUNA newsletter.
